

## Your employer now offers benefit bike leasing with Lease a Bike!

### What does benefit bike mean?

With Lease a Bike, you pay for your dream bike with a gross salary deduction, which results in a significant cheaper bike purchase than private. Use the bike privately on your own terms, always flexible and fully insured.

After the lease period (36 months) you can buy out the bike at a favorable price (market value), alternatively return the bike and lease a new one. In case of longer sick leave, parental leave or terminated employment, we have our **take-back guarantee** (from the 6th month) that means that you can return the bike and terminate the contract at no extra cost.

### Great minds Lease a Bike.

Why you should lease with Lease a Bike:

-  Choose a bike from a wide selection at your **local store**
-  **The market's best insurance** and service packages
-  Lease a bike for yourself or **someone in the family**
-  **Flexible conditions** in the case of interruption of employment
-  100% flexibility and **digital process** without order windows

Save up to  
**40%**  
compared to  
buying

### Order your dream bike in 3 steps
